ACHIEVEMENT FOR WORK EXPERIENCE AND HEALTH AMBASSADOR

from left: Amy Wray and Leanne Donegan

Fond Farewell to Amy

Today we were sad to say goodbye to Amy who has been on an extended work experience placement at K Home International's office in Thornaby.

Amy, a post-16 student from Priorywoods School in Middlesbrough, has been getting a taste of the working environment in an engineering office. For the last six months Amy has been spending one day a week assisting the company's administration team headed up by Leanne Donegan.

Health and safety is a top priority for K Home and its clients and Amy helped design and prepare weekly occupational health bulletins which are issued to the company's staff.

In recognition of Amy's work she received an award and certificate of Achievement for Work Experience and Health Ambassador.

We wish Amy all the best in her future training and career.
