As part of the ConocoPhillips (CoP) Annual Pride Award KHI's David Berry, HSE Advisor and Billy Rayment, Construction Engineer were given recognition for their contribution to managing HSE on the Propane Pipeline Project within CoP easement along the Seal Sands Road.

Dave and Billy established a co-operative culture and working environment, supported by CoP HSE team of Barry Davies and Mark Robertson, where each individual involved felt a sense of responsibility not only for their own safety but also the safety of their co-workers. Ensured the correct equipment, PPE and working conditions were available and empowered operatives with a stop message, encouraged a reporting process which generated over 600 observations, recognising and reinforcing proactive behavior and also where attention was required. A proactive HSE culture was established with all sub contractors engaged in the works, which generated valuable shared learning and feedback for everyone's benefit.

“Lee Anderson Operations Director commented “Well done to Dave and Billy in executing safe working operations and encouraging active engagement from all involved in the works and promoting our company ethos of “Design Safe, Work Safe, Act Safe “
