

FOR IMMEDIATE USE – 9th October 2013

MEET THE NEWLY APPOINTED APPRENTICES

l-r Jack Hustwitt, Andrew Harris and Michael Young

K Home International is proud to introduce newly appointed apprentices Jack Hustwitt and Michael Young both from Marton, Middlesbrough.

Attending NETA for their first year, they will learn vital skills of working within the engineering environment and work towards their BTEC and Apprenticeship Framework.

Summer 2014, we will see them working in KHI head office, attending college one day a week gaining further knowledge and qualifications in their chosen discipline.

Providing opportunities for local youngsters to gain training has been a cornerstone of KHI's philosophy since the founding in 1973. With over 50 apprentices entering the Apprentice Scheme at KHI, all have progressed well in the company and in their careers.

Manager of Engineering Amanda McMahon spoke about the new recruits "I am delighted to welcome Michael and Jack to the KHI team increasing our total number of apprentices to five, they will be a great asset to the future of the company, earning as they learn, gaining real qualifications and great prospects of being in full time employment at the end of their studies."
