

FOR IMMEDIATE USE – 17<sup>th</sup> September 2013**BUTTERWICK'S THIRD TEST MATCH  
KNOCKS THE BAILS OFF THE ASHES!**

Congratulations to the K Home International/Teesside University Team on winning the prestigious Butterwick Cricket Tournament at their first attempt.

Six talented and very competitive teams provided a feast of runs, splendid bowling and fielding with very little between the teams. The keen and competitive spirit was demonstrated by their willingness to play on in the rain. Port of Tyne were a close runner up and vowed to return to become the winning team in 2014.

PD Ports entered a team and sponsored the event for the third year running. Esh Group, Taylor Wimpey, Port of Tyne, Vela Falckons and KHI/Teesside University were the teams competing for the Butterwick Cup in 2013. Butterwick would like to thank all the companies who took part and helped to make this event such a memorable and enjoyable day. Not only was the day spectacular for the cricketers the event raised over £8,000 for the Hospice. In the evening everyone enjoyed fine dining and great entertainment provided by the incredibly talented and immensely funny Kevin Connelly.

## **News Release**

FOR IMMEDIATE USE – 17<sup>th</sup> September 2013

The Butterwick Hospice founded in 1979 by Mary Butterwick OBE, provides end of life care, of the highest quality, to local people. Services, which are provided freely, have continued to expand greatly. The Charity depends heavily upon the generosity and support from the community it freely serves. Butterwick Hospice Care is only partially funded from government and NHS resources and welcomes every opportunity to work more closely with local businesses and individuals to help maintain its services.

##### **About Butterwick Hospice**

The Butterwick aims to improve the quality of life for those who have a life limiting illness and their families and to help them relate positively to every challenge they may encounter during their illness and to see death as part of life's journey. A diagnosis of a life limiting illness changes everything – moves all the parameters in your life and the lives of those around you.

Hospice care exists to freely provide help to people living with a life limiting illness, relieving symptoms, enriching patient's lives and supporting them and their loved ones.

The first Butterwick day hospice in Stockton was opened by Mary Butterwick OBE, in 1984. Skilled nursing, supportive therapies and experienced counseling coupled with constant fundraising have grown the Hospice over the last 26 years into a regional provider of excellent end of life care.
