

FOR IMMEDIATE USE – 8<sup>th</sup> January 2014**ANNOUNCEMENT OF NEWLY-APPOINTED  
MANAGER OF ENGINEERING**

*Amanda McMahon, Manager of Engineering*

K Home International is pleased to announce the appointment of Amanda McMahon to the role of Manager of Engineering. Responsible for over 100 engineers and designers Amanda's role is to ensure that the exacting standards required from KHI's industrial clients are safely achieved.

Amanda brings 18 years experience in both technical and managerial roles to the position, most which has been spent at K Home. As a Chartered Engineer and Associate Member of the Chartered Management Institute, Amanda is well qualified for the role.

"We welcome Amanda into her new role and hope that her success will encourage other young women into the engineering profession." commented Peter Kay, Engineering Director, "We also wish to thank Amanda's predecessor Rob Mietelski and wish him well in his retirement."
