

FOR IMMEDIATE USE – 14th November 2013**K HOME INTERNATIONAL
'OUT AND ABOUT'**

l-r: Mark Wood and Neil Robertson at the Teesside Instrument Annual Exhibition

K Home International (KHI) has recently been represented at conferences and a local exhibition to raise industry awareness of KHI's capabilities. These events provide valuable opportunities to establish links with potential partner organisations which have specialist skills complementary to its own.

EIC Connect Energy 2013 – Supply Chain Event & Conference

EIC Connect is the key initiative of the Energy Industries Council and was organised in association with the UK Trade & Investment (UKTI) the government international business development department. David Boxall, Business Development Manager represented KHI at this two day event, networking with Nuclear New Build Operators, Tier 1 and Tier 2 companies.

InstMC (Teesside) 26th Annual Control & Electrical Exhibition

This one day event is the major showcase for the Instrument & Electrical Industry held in the North of England. Teesside and the surrounding area are important for traditional industry, which includes the processing of chemicals, petrochemicals and oil & gas. Held at Marton Country Club, Middlesbrough, with over 35 exhibitors the exhibition and seminar attracted over 150 visitors. Interest in KHI was very encouraging, with many visitors to its stand being positive about working with KHI. The focus now is to consolidate some of the opportunities that were presented at the exhibition.
